About Us

Established in 2024, Alito Hybrid Surfaces represents the pinnacle of innovation in premium surface manufacturing. From our state-of-the-art 40-acre facility, we craft exceptional hybrid surfaces that blend cutting-edge technology with unmatched elegance. With a daily production capacity of 350 slabs and a dedicated team of 350 skilled professionals, we stand at the forefront of surface innovation, powered by advanced technologies including our fully automatic Veegoo production line and Italian-engineered polishing system.

We are driven by a relentless commitment to excellence, maintaining the highest standards in quality, innovation, and sustainability. Our vision extends beyond manufacturing as we aim to be the most trusted name in super-premium surfaces globally, distinguished by our dedication to integrity and customer satisfaction. Through our state-of-the-art processes, we ensure each surface meets our exacting standards of perfection.

At Alito Hybrid Surfaces, we don't just create surfaces; we craft experiences that transform spaces and elevate lifestyles. Our commitment to eco-friendly practices, coupled with our focus on pioneering designs and cutting-edge technology, positions us as the ultimate choice for discerning customers who demand nothing but the best. We take pride in our ability to inspire trends while delivering products that embody luxury, making us the first stop of all design decor connoisseurs.
